

Part-time Assistant - Robotics

THE COMPANY

August Robotics is a growing international start-up which builds robots to automate **dirty, dangerous, and dull jobs** for businesses. The company is headquartered in Hong Kong and has offices in mainland China, Germany, and the USA. The company enjoys the support of some of the world's most prolific VC investors: <http://tinyurl.com/robot aust>.

August Robotics believes in the potential for **humans and robots to collaborate and co-operate**, and aspires to be at the forefront of the coming "robotics revolution".

YOUR TASKS AS AN ASSISTANT:

- You will help to carry out **ongoing maintenance and testing** of the company's robots at our workshop in NRW (Germany)
- You will assist our German staff members to deploy our **world-leading exhibition robots** at exhibition centres all over Germany and around continental Europe (all travel and accommodation expenses met by the company)
- You will assist in our Germany office with day-to-day office tasks, robot consumable prep, and upkeep.

YOUR SKILLS

- You have an enthusiasm for technology and for robotics.
- You have a technical background, and don't mind getting your hands dirty.
- Strong communication skills and teamwork capabilities
- Independence, proactivity, and creativity
- An ability to work hard when required
- Professional spoken and written English
- **Conversational- German is advantageous**
- Hold a **valid driver's licence** that enables you to drive in Europe
- Eligibility to work part-time in Germany
- Proximity to our office in Dusseldorf, Oberbilk

You should be **comfortable with ambiguity** and excited by the idea of working in an entrepreneurial culture. You should be **open to new experiences**, open to learning new things, and willing to jump in and lend a hand on a range of different issues and tasks when the need arises.

HOW TO APPLY

To apply, please send your CV and cover letter (in English) to germany.internship@augustrobotics.com.

The future is now waiting for you – and we hope to be welcoming you soon as part of our international robotics team!
